

# Seeds says, what goes in the refrigerator?

Did you know that food can be stored in many different places? This is because different food needs to be stored at different temperatures so that it is safe to eat. Can you guess where the food below is kept? Cut out these pictures and stick them into your workbook under the headings fridge or cupboard. How many can you get right?

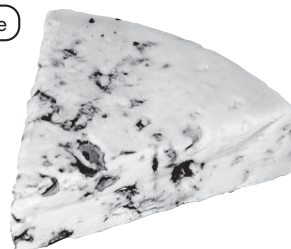

Chicken drumsticks

Bread

Cheese

Rice

Eggs

Pasta

Yoghurt

Cereal

Milk

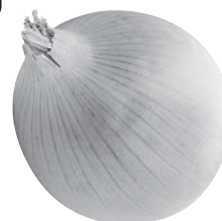

Healthy spread

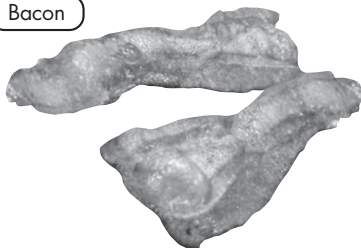

Baked beans

Onion

Bacon

Strawberries

Red pepper
